WASHINGTON
NEWS LETTER
From
Joe Marsh
U.S.

Since the news got out that Britain had agreed to give that new 22-story Jacksonville office building a 1000-pound chip off the block of Gibraltar, many friends have joked me about being "the only American to get something moving in this direction from over there." I may be pushing my luck and endangering my batting average, but now I am trying to sell Florida citrus to the Queen.

Oranges, grapefruit, tangerines have been placed on the eligible list for export under the Mutual Security Act, to non-Communist countries, mostly in western Europe. Since the battle is won, the selling of a portion of the large crop being harvested this season is a major responsibility. Florida Citrus Mutual and the congressional delegation is directing efforts toward Great Britain where citrus products already are popular. I wrote to Sir R. M. M. K. C. B. K. on G. the British Ambassador, to ask his help with the appropriate government agencies.

I also suggested to Sir Roger that the fine fruits we are producing now are suitable to the Queen's taste and appropriate for placing regularly on her majesty's table. I was talking the other day with a Britisher, describing our fine grapefruit as a guardian against the common cold, telling of the fine, juicy, orange being gathered from our groves, and recommending the unusual taste of new mildly spicy tangerine juice when he interrupted me to say I was making his mouth water. I hope it has the same effect on others.

Citizens Aided The Department of Agriculture officially announced an emergency livestock feed program under terms of Public Law 878, Section 10, Benson planed 17 South Florida counties suffering major pasture damages in the category for disaster aid. Herd owners should contact their county agents for details of the program under which cash will be paid for feed. The feed is sold for \$1 bushel, oats for 50c, feed wheat at \$1.10 and cotton seed meal at \$3.00. These prices are effective at commodity credit disposal points, 17 counties now in the program but we are making additions to this list.

Notes Off the Cuff: Thanks are due to many who have written

Fifteen Millionth Customer

Mrs. Alice Vallentyne, (left) of St. Petersburg, becomes the fifteen millionth customer in the United States to purchase Alaska-McNally salt shakers. The sale was made by McNally's by Mrs. Barbara Plate while James McNally, vice president, watches.

Alaska shakers are made in Clermont, Florida by the Alaska Manufacturing Co., world's largest manufacturer of salt and pepper shakers.

be served by such a progressive, advanced airline as Eastern, for it insures ever-expanding benefits in the form of the best in modern air transportation and the investment of millions of dollars in advertising to bring more and more visitors to the state.

To meet the challenge of the nation's present economic situation, Eastern is preparing itself to offer mass transportation by air. Through stepped up schedules and the employment of the finest equipment it will cater to the masses rather than a limited group.

With unlimited faith in Florida and the nation's future, Capt. Eddie Rickenbacker is determined to bring the state into the nation's travel with a substantial increase in passenger travel in the year 'round.

By offering the traveler unexcelled service, plus speed, comfort and safety at the lowest rates, Rickenbacker believes that more and more people will turn to air travel as the logical answer to their transportation problem.

No other state served by Eastern can hope to benefit from this new mass transportation service. Florida's effort for the bulk of any travel increase is bound to bring people to this state.

COUNTY COMMISSION DISCUSSES JUVENILE DELINQUENT PROBLEM

County Commission this week set up a joint committee-board of visitors committee to study available property for a new county children's home as well as other phases of juvenile delinquency.

Board action came after the Board of Visitors, an advisory group of citizens interested in the children's home and delinquency problems, had requested a new detention building on the grounds of the present home.

The two boards were at odds as to what was wanted. Visitors asked that the present children's home be kept where the commission on the other hand insisted a desire to relocate the children's home so their present facilities could be used in connection with the old folks home and county hospital adjoining the children's quarters.

When asked about joining by Commissioner Paul Rardin why they opposed union of some 11 acres of county owned land in West Palm Beach already designated for the new home design, the Board of Visitors claimed it was a poor location chiefly because it was too low ground.

The joint committee was proposed by Commissioner Kenneth Porter who asked that it try to find a new location for a home that would meet the approval of both groups. He added that the board should also consider some sort of temporary detention home for the incorrigible delinquents who need to be isolated from the other children but not jailed.

These incorrigibles present the greatest problem presently at the home, the commission was told by juvenile authorities, since no facilities are available to house them separately. They are a few from time to time, said Mrs. Nelle Smith of the county juvenile office, who re-quire detention in a spot that will hold them — a destruction proof room. Some of these have to wait until the State can take them which often means a delay from one to three months, she added.

County Engineer Steve Middleton said it would take close to \$30,000 to build the type of

THE BELLE GLADE HERALD

the game with the Bobcats in the field 21-19.

Class The BA class sponsored the assembly program in Wednesday, Nov. 18. Since this was the last assembly before Thanksgiving, the program had Thanksgiving as its theme. Mattie Skierds did a very good job as mistress-of-ceremonies. Other persons appearing on the program were Carrie O'Neal, Mary Ella Jones, and Joseph Perry, Jr. A short skit was given by a group of 9th grade students. Joseph Perry, Jr. gave a short talk on the First Thanksgiving.

After the program the class and its officers were introduced. The officers are: Joseph Perry, Jr., President; Patricia Stephens, Secretary; Irma Mullin, Treasurer; Franklin Minter, Sgt.-at-Arms.

N.F. A. News Last week several members of our chapter have been able to start an advisory project, listed in our annual program of work. They are: participate with community hymns in beautiful home surrounding.

We have played a two-day for Mr. W. C. Taylor, getting this area ready for a beautification project, and also planted several varieties of vegetables in Lake Shore Elementary School garden area. We also added several pounds of vegetables to our local school garden.

Our advice informed us that preparation for training a judging team will commence on 4th of December. We hope to have a team ready to compete with all high rating judging of this state. We hope to have a score of appreciative value and to be highly recognized by the New Farmers of America State Association.

Fla. Livestock Assn. Holds Annual Meet In St. Petersburg

Florida's cattlemen took a strong stand against price supports at their annual convention in St. Petersburg last week, declaring themselves "strongly opposed to price supports and their attendant controls" and providing that newspaper editors throughout the state be informed of their action.

Florida State Cattlemen's Association, representing county and regional groups covering 47 of Florida's 67 counties, also re-elected President Ben Hill Griffin, Jr., of Frostproof, and its other officers.

Directors of the group, meeting following the convention, adopted a resolution praising Secretary Benson for his handling of the beef purchases disaster relief program.

The praise, however, was tempered by demands that: (1) The 14 counties eliminated from the disaster area be re-included; and (2) Florida get its fair share of beef purchases to date only 4/10 of one percent of the purchases have been made in Florida, even though the state has nearly two percent of the cattle population.

Acting Governor Charley Johns revealed the omission of the 14 counties — including such flood ravaged counties as Orange, Ocala, Volusia, and Polk — when he read a telegram at the end of his prepared address, of the 17 counties still included. The result was an immediate outburst from cattlemen affected who felt that the action was arbitrary and unrealistic.

Cattlemen also heard optimistic

speakers point to the tremendous increase in beef slaughter and in consumption which have accompanied the decline in prices, and predict that prices will remain steady to slightly higher during the next months, with higher grades selling somewhat higher.

Officers re-elected include: First Vice President B. J. Alderman of Grandin, Second Vice President, Jay B. Starkey of Largo and W. D. Roberts of Immokalee, Secretary, June Gunn and Treasurer, R. Elmo Griffin, both of Kissimmee.

The Junior Florida State Cattlemen's Association was reorganized with Doyle Conner of Starke, state legislator and candidate for Speaker of the House of Representatives, as president.

Other officers are: First Vice President, Cushman S. Radebaugh, Jr., of Orlando; Second Vice President, Miss Lela C. Munroe of Dunedin and Miss Sandra Penegar (who was also named Miss Florida Cowgirl of 1953) of Clearwater; secretary, Truman Dan Carlock of Stuart. A committee including Alto Adams, Jr., of Fort Pierce and Phil Turner of Arcadia was named to work on membership extension.

Counties represented at the meeting included: Alachua, Bradford, Brevard, Broward, Charlotte, Citrus, Columbia, DeSoto, Flagler, Gilchrist, Glades, Hardee, Hendry, Highlands, Hillsborough, Indian River, Lake, Lee, Manatee, Marion, Martin, Okaloosa, Okeechobee, Orange, Osceola, Palm Beach, Pasco, Polk, Pinellas, Putnam, Sarasota, Seminole, St. John, St. Lucie, Sumter, Volusia, and Washington.

The U. S. Department of Agriculture has a new publication on feeding molasses to livestock.

MRS. DALLAS NEHLS NEW LADIES AID PRESIDENT

Mrs. Dallas Nehls was elected president of the Ladies Aid at the regular meeting which was held at the home of Mrs. Harold Rebeck, Tuesday night.

Other officers were: vice-pres., Mrs. J. G. Althaus; sec., Mrs. Victor Green; treas., Mrs. Harold Rebeck.

Mrs. Althaus had the study on Acts, chapter 10-11. Members voted to send a box of warm clothing to the Lutheran World Service for foreign needs. Plans were made for the Mrs. Frank Kruse on Dec. 28. In conclusion, Mrs. Harold Rebeck contributed a whole elephant meal as a means of raising funds.

Guests were Mrs. Arthur Stuart and Mrs. Edna O'Connell. Other members present were: Bob Fleish, Jr., Mrs. Bob Fleish, Mrs. Paul Kirchman, and Mrs. Frank Kruse.

G. M. ROSENBERG (Continued from Page One) captives were Robert Goodson and Buford Justice.

The sophomore won first prize for first float in the parade. The float depicted a large spray gun.

The Belle Glade Baby Rams finished an undefeated and untied season when they chalked up their last victory over the Clewiston Babes Tigers. The seven games, only Clewiston failed to score their goal for touchdowns.

Playing in Lake Worth they won with a 13-0 score, and in two games against the Little Elephant 6-0 and 7-0 victories were made. Games with the Okeechobee juniors were 20-0, 32-0 and two 13-0 victories against Clewiston, 7-6 and 13-8 in favor of the Baby Rams.

The Baby Rams scored 180 points to 15 for all opponents. All the Baby Rams deserve credit for their excellent playing as well as their coaches, Morris and Godwin, for the work they have done with these boys who will be our future players.

The first game of the season was played against Miami Tech in Miami. After leading Tech by a half time dead fire, rain soaked Miami Tech team finally went down in the closing minutes of the game. Played to a standstill at the ground Tech took to the air and scored twice on heavy by Lefty Renaud to end Richards Morris. Final score was 13-6.

The second game was played at Memorial Field against the Vero Indians. Two minutes after the opening whistle the fans were on their feet as Lavon Bass took a punt on BEV 43 yards and scampered 57 yards for a 40 yard touchdown. Joy was short lived however because the Indians hard driving backfield of Devone Carter, Offutt and Morgan used the last three periods to gather a TD for a 20-7 victory over the Rams.

In the Clewiston game, hard work by a win hungry squad and its coaches, and an excellent scouting job by Pelson Morris brought the Rams a victory against the neighboring Tigers, who were supposed to mop up the field with the Rams. On a carefully prepared defensive play, Walter Mosley broke the tie by dashing through a custom-made hole in the Clewiston line to block a punt and gather in the ball for a 12 yard tip to Clewiston's goal line. Work hard on their next game the Rams ran it to a 12-6 victory over a dismayed crowd of Clewiston fans and broken hearted Tigers.

Continuing to score first in their game against Ft. Pierce the Rams led a surprised Ft. Pierce team 6-0 into the third quarter. Then, the roof fell in as the Eagles hit the Lightning for a TD and continued the assault until they had racked up a 34-6 win over the Rams.

The second victory was over Stuart as the locals came against the Clewiston Stuart Tigers. Joel Parker ran 10 and 65 yards to pay dirt, Walter Mosley 18 yards and Johnny Schlechter 24 yards, operating behind a Ram line which would not bend for the visiting Tigers.

In the Pompano game played at Memorial Field fullback Joel Parker providing the scoring punch, the highly regarded Beaschpicks. Finding the shot over left tackle to his listing Parker roused 81, 11, and 66 yards for touchdowns with Clewiston going across from the one yard line. The forward wall effectively contained the Pompano attack and the Rams came off the field with a pleasing 25-6 victory and an even break in games, 3 won, 3 lost.

The 7th game of the season vs Lake Worth, John Schlechter hit right tackle and travel 41 yards for a Belle Glade TD before the crowd had barely made itself comfortable. Joy was turned to apprehension in the second quarter and deep

gloom before the final whistle blew on a 17-4 Lake Worth victory. Trojan Cook had finally achieved a win over the team which he had led to take the St. Peter's Lutheran Church, which had been unable to do anything right especially in the hands of the officials for the game.

Belle Glade playing against Seacrest hit the winning trail again, a crippled and battered Ram squad turned in a methodical 26-7 job on the pre-season highly regarded Seacrest. B. T. Thomas stepped into the quarterback spot of injured Walter Mosley and directed the attack. Mosley and guard Eddie Robertson were lost for the season, further disturbing the Ram's followers who were watching the arch rival Pale Blue Devils gain strength and run wild against a Vero Beach team which had deservingly been licked.

The Belle Glade turn-out was a hard fought game and exhibition of ball-dancing by B. T. Thomas and John Schlechter, the plunging of Joel Parker, plus pass catching by Parker and Ed Harry McDonald gave the local gridders a 13-0 win over the Brahmins.

HIGH SCHOOL NEWS
On Nov. 19 the 4-H Club met at the food lab in Room No. 1. Mrs. Pearce and Mrs. Reynolds gave demonstrations on how to make lamps to help to wire the house.

Miss Elizabeth Hudson, assistant Home demonstration agent, and Mrs. B. Q. Waddell, senior leader were present. Members attending were Jackie Amodeo, Delores Robbins, Jeanette Waddell, Cherry Corbin, Dorothy Irvin, Bunnie Whitehurst, Nancy Bass, Frances Ladd, Laura Beth Warren, Sue Ann Hemphill, Alleen Hemphill, Martha Faye Davidson, Arlyce Bedole, Mary Wheeler, Mrs. Scrape, and Winifred Burry.

MRS. VAN HORN SPEAKS TO JENNER BEACH GC
Mrs. Ivan Van Horn spoke on the "Raising of Carnations" at the Jenner Beach Garden Club meeting recently held at the Community Center.

The President, Mrs. A. E. Hinchinson presented Mrs. Van Horn with an orchid corsage in appreciation of all the help she had extended to the club in her term as 6th district director.

She was asked to judge all plays entered by members, but suggested that the members take part and the winners be judged by votes.

VETS ADMINISTRATION
Veterans in Florida, taking undergraduate college work under the Korean GI Bill may shift from one bachelor's degree to another, without having it count as their one-and-only degree of course allowed under the law, Veterans Administration said today.

In order to make the switch, veterans must do it soon enough so as not to involve any more training time than was originally required to complete the course, said V. S. P. Davis, director of the Miami Regional Office.

As an example, Parker pointed out that a veteran who had enrolled for a four-year course leading to a BS degree in agriculture could move over to an AB degree in liberal arts, and as far as the law is concerned, it would not be considered a change, so long as the overall training time did not exceed four school years.

The reason that changes in degree need not constitute changes in course is that VA lists a veteran's educational objective as a baccalaureate degree, without any reference to his major field of study.

Therefore, a change in the type of bachelor's degree obviously would not be a change in training objective, if the training time isn't lengthened, Parker said.

Parker added that although a veteran is required to list a specific type of bachelor's degree on his application for Korean GI training, his originally designated objective still is considered to be only a baccalaureate degree.

Nevertheless, colleges still are required to inform VA whenever a Korean GI trainee changes the degree for which the veteran was originally enrolled. The school must certify that the change does not involve any extension of training time; also must give the name of the revised degree objective to which the veteran has changed.

Don't Shoot Deer In Broward And Dade Counties!

High water in the Everglades region has required the Game and Fresh Water Fish Commission to issue an emergency order closing Dade and Broward Counties to the taking of deer.

C. W. Pace said this week, Field men in the Everglades Area, as well as many private individuals, have reported that deer are concentrated on small islands and dykes in the Sawgrass Area of the Glades. Once these deer are forced to leave these high places, they are in water so deep that they must swim and are at the mercy of the hunters. Under such conditions, hunting of deer ceases to be a sport and becomes a slaughter.

The deer in the Sawgrass Area of the Glades suffered very heavy losses during the past hunting season and it is believed that further hunting during the present season with water conditions as they are would exterminate most of the remaining breeding stock.

Officials of the Central and Southern Florida Flood Control District state that the water in the impoundment area is not expected to recede more than a fraction of a foot for several weeks. Pace stated that if the water recedes sufficiently to offer deer a reasonable chance against the hunter, the change will be opened later in the year. He also stated that closing these counties to deer would not prevent the hunting of waterfowl in the impoundment areas or in other parts of Dade and Broward Counties.

All hunters are urged to cooperate with the Commission during this period of emergency and Wildlife Officers have been alerted to keep an especial lookout for illegal taking of deer.

RAMS WIN FIFTH GAME OF SEASON
The local gridders journeyed to Okeechobee last Friday and returned home with a 13-0 victory over the vastly improved punch of Okeechobee Brahmins.

Meeting surprising resistance in the Brahman forward line, Bobby Joe Thomas took the tiger air as he directed a well mixed crowd of fans. The Rams found the going tough in

the early part of the game the Brahmins put it even tougher. Okeechobee drove to the Belle Glade 29 yard line soon after the second quarter began, but there an Okeechobee back was jarred loose from the ball and an alert Ram covered the threat.

After engineering a drive which began at the BG 42 yard line, B. T. Thomas sneaked over from the Okeechobee 2 for a second quarter tally. Drive down field was made on running of Johnny Schlechter and Joel Parker, and Thomas to McDonald passes. Thomas threw to Parker in the end zone to put BG in front 1-0.

Rams scored again late in fourth quarter when Schlechter gathered in a punt on the BG 20 yard strip and raced to Brahman line. After six plays, two of them passed to Parker, he crashed over left tackle from the 20 yard line, and scored 9 of the evening. An attempted pass for extra point failed.

The Rams would probably have attempted another marker if time had not run out. With a

minute to go, Schlechter galloped 55 yards to Okeechobee's yard line on a beautifully executed double reverse. The horn closed the door before another play could get underway, leaving BG on top 13-0.

After the game Brahman coach, Bill Young stated that Okeechobee had played its best game of the season against the Rams. He also commented that the back wall was one of the best he had seen all season. Of significance in the game was the complete absence of 15 yard penalties, the only miscues being off sides and back field in motion errors.

THROOP 4 GIRL SCOUTS WORK ON XMAS GIFTS
Troop 2 Belle Glade Intermediate Girl Scouts met Monday afternoon at the girl scout hut for their regular meeting.

Mrs. F. White's patrol worked on quilt cloths for kitchen cleaner cans and Mrs. Douglas Matthews patrol worked on some Christmas gifts made of plastic cloth, some

making pot holders and some wrist bands. Mrs. G. G. G. served refreshments of cupcakes that she made herself and cookies. Alice Dupure was a visitor.

BOOTS MAKE TURKEYS FOR DOUGLAS HOSP.
Den 6 of Pack 22 of the Belle Glade Cub Scouts made construction paper turkeys last week at their regular meeting and this week took them out to the Belle Glade Hospital to be used on the patients' Thanksgiving. They also contributed comic books to the nursery library. Billy Burkett served refreshments to the following guests: Kent Bell, Bobby Carter, Frank Matthews, Dutch Davis, Don Ebbson, Captain G. G. G., Danny Willis and their leaders, Mrs. Frank Willis and Mrs. Douglas Matthews.

Sprinkle cinnamon in the pan of water stop an oil heater to spread a fresh spicy odor through the house on chilly days.

How to BOSS* Your WIFE...

NO. 8 OF A SERIES

SUP HER-

Yes, slap her obsolete small electrical appliances in the ash can—and buy her some gleaming new ones...the kind that "think for themselves."

Ideal for Christmas Gifts

Toasters, roasters...percolators, coffee makers...radios, clocks—yes, on and on down the list, long list—small electrical appliances keep on "giving" long after Christmas.

***Cheap, too!**

Figure it this way: Divide my bill by 30 days...and by all the jobs I do. You'll see why folks in Florida use more electricity than people in moon other places...it's cheap...it's clean...it's modern...it's the sure way to enjoy HAPPIER FLORIDA LIVING...ELECTRICALLY!

HEATING OIL IS BEST

It's cleaner, it's cheaper, it's more efficient than electric heat.

FLORIDA POWER & LIGHT COMPANY

of Tucson, Arizona and Mrs. C. C. Huston of West Palm Beach visited their mother, Mrs. Laura Crow, sister and brother-in-law, Mr. and Mrs. E. M. Willis Sunday.

Mrs. James Dymond of Rockford, Ill., college classmate of Mrs. G. J. Bartow, Mr. and Mrs. Edgar Bursaw of Beaver, Wisconsin are house guests of Mrs. Bartow for a few days this week.

Mr. and Mrs. Henry Trimmer of Fort Lauderdale, and Miss Marilyn Swartout of Lansing, Michigan, girlhood friends of Mrs. C. E. Crichfield, were Sunday guests of the Crichfields.

The South Bay School Cafeteria has just installed a new Hot Point Deep Freeze, 24 ft. special for school cafeterias.

Mr. and Mrs. Leland G. Keene, Patricia Ann and Lynda Lou of Pahokee were the Sunday dinner guests of Mr. and Mrs. A. B. Barnes.

Mrs. Ida Hoover of St. Augustine arrived the first of the week to spend the Thanksgiving holiday with her daughter and son-in-law, Mr. and Mrs. Frank B. Willis and family.

Mr. and Mrs. Dick Mueller of San Diego, California, friends of Glidden J. Bartow, Jr., of San Diego, called on Mrs. G. J. Bartow Sunday, as they were enroute home from a business trip to Key West.

Mrs. W. F. Martin and children of Fort Myers visited Mr. and Mrs. O. H. Martin Monday.

Captain L. O. "Jack" Ratley of Washington, D. C. spent the weekend with his mother, Mrs. G. O. Ratley, sisters, Mrs. G. J. Ratley, Mrs. Edwin Dorey and Mrs. Curtis Williams, and brother, Billy Joe Ratley.

Mr. and Mrs. Donald Barnes have returned from a business trip to Houston, Texas.

Mrs. B. M. Fender has returned to her duties as canteen manager at the Pioneer Growers.

Mr. and Mrs. T. L. Driggers had as weekend house guests her sister, Mrs. Frank Land and son, Frankie of Fort Myers.

Mr. and Mrs. George Lamb are moving to Fort Lauderdale.

The Boy Scouts are planning a chicken barbecue for December 9.

GARDEN CLUB TO SPONSOR XMAS LIGHTING CONTEST

The South Bay Garden Club meeting at the Legion Hall on Wednesday afternoon voted to sponsor a Christmas Lighting Contest with cash prizes for both home and business displays. The best out-door home lighting will be awarded a prize of \$25, the second will receive \$15 and the third \$5. The best window decoration and lighting display for business houses will receive a prize of \$30. Mrs. H. C. Willis and Mrs. R. B. Roadman were named a committee to secure judges for this contest.

Plans were also made for the annual Christmas Party and gift exchange. Husbands of members will be guests at a turkey Thanksgiving dinner at the Legion Hall on Tuesday, December 8 at 7:30 o'clock. Mrs. S. E. Henderson is chairman in charge of the banquet.

Mrs. Bert Hopson of Belle Glade was the speaker of the afternoon. She discussed the culture and care of roses in the home garden and gave pointers on how to grow and prepare blooms for exhibition either as specimens or in arrangements.

Mrs. Hopson also announced that the Belle Glade Garden Club were sponsoring the third course in the Flower Show School for Judging in March and invited local members to take advantage of this course. The course will last for three days. One day will be devoted to horticulture with M. K. Van Knox of Fort Lauderdale as instructor. One day will be spent on instruction in floral arrangements taught by Mrs. Ann Sara. The examinations will be given on the third and last day. A nominal fee will be charged to defray expenses.

Mrs. Mildred Challacine presided in the absence of the president, M. K. John L. Evans. Her call was answered by naming a flower.

The treasurer reported a balance of \$178.84. Mrs. S. E. Henderson, membership chairman, reported 12 paid up members to date.

Mrs. Mollie Covell, scrap book chairman, reported the scrap book had been ordered. Mrs. Eric Hartline and Mrs. Frank Wilson were named to the hospitality committee.

Mrs. Mary Waters reported on plans for landscaping the

James B. Jeffries Memorial Recreational Park. She stated that Jack Parker had donated trees and shrubs from the Dania Nursery and plans were made for Mrs. Waters and committee to go down and select the ornamentals desired. It was agreed to plant a clump of three Sabal Palms, the state tree, and two water oaks and to use hibiscus as chief ornamental shrub. A county park crew will assist in the planting and landscaping the park, she stated. The county is also installing stationary tables in the park and the Lions Club plans to add movable tables. The city is to furnish playground equipment, she said.

A plant exchange among members was a feature of the day.

Mrs. Hartline and Mrs. Henderson, hospitality committee members, served cookies and cakes at the end of the program to Mrs. Luther Jones, guest from Belle Glade, Mrs. Hopson, Mrs. E. E. Roadman, Mrs. F. B. Willis, Mrs. Mark Challacine, Mrs. Mollie Covell, Mrs. G. J. Bartow, Mrs. Mary McCaree, Mrs. Clayton Waters, Mrs. Ann Ouellette, Mrs. I. P. Roberts, Mrs. E. M. Willis, Mrs. H. C. Willis.

WIENER ROAST PARTY FOR BILLY MILLER

Billy Miller was host at a wiener roast at the Marvin Miller home on Friday in celebration of his twelfth birthday. Impromptu games provided entertainment for the guests and pictures were taken of the group.

Ice cream, cake and soft drinks were served as dessert. Guests were Marsha Walker, Ronnie Bowen, Caroline White, Butch Davis, Fritz Keene, Jim Challacine, John Little, Effie Lou Keene, Mary Mathewson, Minerva Gutierrez, Sue Miller, Charles Miller, and Mrs. Leland G. Keene.

JEWEL LOVELL ASSUMES CITY CLERK DUTIES

The City Council at their last meeting examined the audit of the year's books recently audited by W. E. Keen, CPA, of West Palm Beach and authorized the clerk to contact the auditor to request the auditor to meet at their next session to clarify some items not fully understood.

The clerk was also authorized to call for bids on a new police car, the old car to be traded in on the purchase price of a new car for either 1953 or 1954 model. Chief of Police White requested that the new car be equipped with a heater.

An application for a building permit to erect an office by Jack Parker was approved.

Mrs. Mary Waters, park supervisor, reported on plans for landscaping the James B. Jeffries Memorial Recreational Park. She also reported that the county park crew had agreed to help with the landscaping and setting of the trees and ornamentals and requested a water line to the park in order that the new plantings could be watered. The council agreed to extend the water line to the park.

Mrs. Waters also called attention to the fact that the Garden Club was sponsoring a Christmas Lighting Contest with cash prizes. She stated that the Florida Power & Light had agreed to donate \$25 in cash prizes and requested a donation from the city. The Council voted to donate \$25.00 to this purpose.

Mrs. Jewel Lovell, whose appointment as city clerk was confirmed at this meeting, took over the office on Wednesday, November 18.

THIRD BIRTHDAY PARTY FOR RONDA WALKER

Mrs. Horace H. Walker entertained at a children's party Thursday afternoon in compliance to her daughter, Ronda

ing will be razed and the space used for parking.

GOOD CITIZENSHIP LEAGUE TO BE ORGANIZED HERE

Fred T. Barnett of Lakeland, executive secretary for the United Florida Drive, will be in the Glades the last of the week to conduct a series of meetings in the organization of a Good Citizenship League. Tentative plans for the series had to be revised owing to the fact that they conflicted with the Thanksgiving services.

He will speak at the Canal Point Community Hall on Friday, November 27 at 8 o'clock; and at the Belle Glade Church of God on Sunday, November 29 at 2 o'clock he will conduct an organizational meeting at the South Bay Baptist Church to organize a Good Citizenship League of laymen.

The movement is being sponsored by the various churches in the Brevard area of Palm Beach County as an adventure in working toward better citizenship among all the people. The Good Citizenship League in other parts of Florida has been quite successful in controlling illegal gambling and liquor sales.

Campfire cinnamon and avocado treats are all related members of the Laurel tree family.

From Start To Finish It's All DIESEL—

CASE DIESEL "500"

POWER STEERING

Here at last is a diesel tractor that's easy to start, easy to handle, easy to maintain. It starts on diesel fuel at a touch of the starter button on the 12-volt, heavy-duty, electric system—no gasoline engine, no gasoline. Six-point filtering system keeps fuel clean. "POWERCEL" controlled combustion gives amazingly smooth, quiet power. Powerful 6-cylinder engine... 3-bearing crankshaft... 3-glow capacity.

Besides diesel economy, it offers you Constant Power Take-Off, Constant Dual Valve Hydraulic Control, Double Disk Brakes. And you can obtain POWER STEERING if you want it.

...if there were only ONE telephone in the world

If you had the only telephone in the world, you couldn't use it. There would be nobody else you could call.

The value of a telephone is in the great number of people you can reach with it. You can talk with almost anyone, anywhere—quickly, easily and at low cost.

Last week the number of telephones in this nation passed the 50,000,000 mark. That's more than there are in all the rest of the world. It figures out to about one telephone for every three people in this country.

Most of these telephones are served by local Bell Companies like Southern Bell. Nearly 9,000,000, however, are operated by 5300 other companies.

In no other nation is the telephone so available, so useful and so low in cost.

FAST GROWTH IN DIXIE...

The number of telephones in the area served by Southern Bell has jumped from 1,863,204 at the beginning of 1946 to more than 4,200,000 today.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

CHEVROLET SHOWS '54 TRUCKS

Distinctive front-end styling is keyed to added power and greater ruggedness of the completely re-engineered Chevrolet trucks. Features include new engines, optional automatic transmission, increased cab comfort and safety and easier load control.

Completely re-engineered to give outstanding performance in meeting modern hauling requirements, a new line of 1954 Chevrolet trucks will be introduced by dealers Saturday (November 28).

Trucks operators will have an opportunity to see the new vehicles in an exclusive truck display at Chevrolet dealers' showrooms at that time. Improvements in every part of the vehicle—engine, chassis and body—have been designed with an eye to current and future needs of truck owners and drivers. Among the more important advancements are the following features:

1. Three new engines, with increased horsepower and outstanding, economical performance, include the most powerful truck engine ever built by Chevrolet.
2. Automatic transmissions optional through the one-ton (10,000 lbs. GVW) model range.
3. Increased durability, with heavier axle shafts in the two-ton models, bigger clutches on light- and heavy-duty models and more rigid frames on all models. Optional heavy-duty three-speed transmissions available on light- and medium-duty models offer greater gear reduction, more rugged construction and a steering-column gearshift, lever on one-ton models.

is less. The rigid, grain-light

gale will support long loads

when lowered.

The new Chevrolet stake

bodies are wider and longer. On

the 101-inch heavy-duty chassis

the body of this multi-purpose

truck measures a full 12 feet

inside the stakes. Loading

heights on the stake models are

lower, rear corners have been

rounded and the stakes them-

selves are higher, extending 42

inches from the body floor on

the nine- and twelve-foot bodies.

Major changes in suspension

in the new Thriftmaster and

Loadmaster truck engines. In-

creased compression ratio of

7.5 to 1 provides greater eco-

nomy and 112 horsepower, re-

sulting in higher top speed,

faster acceleration and im-

proved hill-climbing ability. Ad-

ded durability and smoother op-

eration result from full-pressure

lubrication, lightweight alu-

minum pistons, insert-type

connecting rod bearings, more rigid

crankshaft and connecting rods

and strengthened valve-op-

erating mechanisms. Exhaust

valves, XCR valves and

chrome ton pistons, rings and

standard on the Loadmaster.

For heavy-duty models the

most powerful truck engine in

Chevrolet history, the Johnson

is offered as optional equip-

ment. It provides greater op-

eration for acceleration and grade-

climbing. The need for power

in low gear is reduced, pro-

ducing longer engine life and

economy. With displacement of

281 cubic inches and a compres-

sion ratio of 7.17 to 1, it has 135

horsepower. Cylinders are lar-

ger and a new high life cam

provides free breathing. The ex-

haust valve rotators, XCR

valves and chrome ton pistons

are standard.

The automatic transmission

is a new optional feature, avail-

able on light- and medium-duty

models. It offers new driving

ease and important time sav-

ings, particularly in frequent

delivery work. The auto-

matic transmission is four-speed

hydra-matic design, except on

the sedan delivery model, on

which Powerglide is available.

The selector lever is conven-

iently mounted on the steering

column.

Comfort for the driver has

been increased greatly with the

new Ride-Control seat. It pro-

vides real driver comfort even

on long, continuous hauls. The

seat and back are built as one

unit and the back moves up

and down in unison with the seat

cushion.

As part of the new external

appearance, the hood emblem,

of bright metal, is of new de-

sign. The parking lights are

near the edges of the fenders,

marking the true width of the

vehicle more clearly. A choice

of 12 attractive colors is avail-

able at no extra cost.

HUSBANDS ENTERTAINED

The adult women of the

Baptist Church invited their

husbands to a social at the

TIN CANS like these shown by U. S. Representative A. S. Herlong, Jr. of Leesburg. The factory has a rated annual capacity of 300,000,000 cans of the types seen here. They range from the well-known six-ounce frozen, concentrated juice cans (left) to 46-ounce cans (right) for packing single strength, or non-concentrated juices. Florida canned fruit and vegetable products will be opened formally on December 4 by a group of state and local government officials and business leaders led by Mayor Roy Greene of Winter Park, recognizing the importance of fishing for what it is (America's leading sport) has written me a most interesting guest column for this week, pointing out the very great importance of fishing in Florida. His city soon will complete a municipal fishing pier, in one of Winter Park lakes. Mayor Greene's first column, however, speaks for itself, so this introduction will be as short as—

As I sat at my desk this November day I saw a Cadillac park opposite my office and in walked a middle aged, successful appearing business man who greeted me with a broad smile and said, "I would like to look at a few of your fine homes in this community. I have travelled over the State of Florida. This section interests me more than any other section. I have a successful business in the Middle West, a fine organization and I have decided to bring my family to Florida and I am going to fish."

"I was reminded of very pleasant experiences with Rex Beach and Morris Acherman. Rex attended Rollins College in his early days and directed the athletic program there. This duty fell to me after Rex went to the Klondike. Morris for many years before his departure from a earth published a hunting and fish guide which posted the sportsmen of this Nation where to fish and hunt in the United States and Canada. A small group, of which I was privileged to be a member, used to go down on Kissimmee River and hunt and fish on a 19,000 acre ranch and also during the seasons we would travel to Lake Okechobee, wade out a mile from shore, shoot ducks and fish."

"I took my prospect to a number of homes, but he insisted on inspecting only those home with a lake shore and he finally decided to purchase a most attractive Mediterranean type structure with spacious grounds, with two hundred feet of lake front. He continues to enjoy it daily and is fully equipped with motors, boats, plus plenty of fishing tackle."

"Soon after I took over as Mayor of Winter Park, Bill Cross, who lives here and represents a fence company of national fame, came in to see me and told me of his interest in the Little League. He was unable to find a spot where four teams could play and asked me to help him. We soon found a place which had been used by a golf club, with plenty of parking space for autos, and sought for a few years were played and a very successful season conducted."

"Bill Cross is a busy man with his business and especially the Little League, but during the baseball season he returned to my office to ask me to help him to find a spot on one of our fine lakes where a Fishing Pier could be built for the Little Leaguers. Bill wanted a spot fifty feet from shore, a dock ten feet wide and 100 feet long. Said he: 'If the city will allow us as a spot I will get the lumber and it won't be long before we will have a place for these boys to fish.'"

"What it is about fishing that interests Ex-President Hoover and keeps him in the open? Why

"For as Horace Hight says, 'It is better to build boys than to mend men.' Winter Park will thus provide the Little Leaguers' with a pier."

FLORIDA FARM PRODUCTS SHOW INCREASE FOR '53

Florida farm products sold for \$495,211,000 last year.

This sum represented the gross total received by Florida farmers for all products sold by them during 1952. In addition to sales, Florida-produced foods and feeds worth about \$25 million were consumed on the farms last year.

From the first of this year through August, receipts of Florida farmers have been running 3 percent above 1952.

Compared with 1951, last year's total was down 2 percent and was virtually the same as in 1950. The national figures showed the same decline. Sixteen states in the nation showed increases from farm sales, others had decreased as high as 19 percent, the Florida State Chamber of Commerce reported this week.

A breakdown of the Florida cash farm income in 1952 is shown in this week's business review of the State Chamber's research and industrial division. Cattle and calves brought \$39,363,000, more by 10 percent than in 1951. Dairy products \$39,700,000, up 3 percent; hogs and pigs \$19,496,000; chickens and other fowl \$10,341,000; eggs \$14,596,000, virtually no change.

Truck crops worth \$138,752,000, more by 4 percent than in 1951, and all field crops came to \$102,250,000, a 4 percent gain. Total citrus sales amounted to \$124,713,000 and were below 1951 sales. Declines were also noted in such field crops as tobacco, peanuts, pecans and forest crops sold by farmers.

United States Savings Bonds are dependable. Look on the back of your bond. The table there shows the value of the bond, including interest for every 6-month period.

Two or three \$100 United States Savings Bonds a year will pay the annual depreciation on the average farm tractor.
